Our Program

To provide a safe, warm, friendly and happy environment for children. Little Riders Academy offers a developmentally appropriate preschool program for children 6 weeks of age to 3 years of age. (birthday after September 1st) We offer after school care for ages 3 years of age (birthday before September 1st) thru 5th grade.

Through play time, weekly themes, learning centers, circles, and activity times, our daily lesson plans detail a variety of experiences. Our curriculum, Frog street, emphasizes a balance of cognitive learning, motor skills, social interaction, creativity, and positive self-concept.
