

Center ISD  
Career and Technical Education

Notification of On-campus Requirements

Center ISD has determined certain Career and Technical (CTE) classes require a portion of the course be completed on-campus. These courses require specialized equipment, direct supervision of hands-on activities, and/or specific materials and technology. The appropriate amount of on-campus instruction needed to meet the TEKS and award course credit will vary by course.

Students choosing remote/virtual instruction will be required to come on campus to carry out specified assignments and activities that cannot be reasonably completed remotely. **This notification ensures students have an option to select courses that can be completed remotely if desired. Families may choose different electives that can be satisfied in a fully remote/virtual setting.** Failure to appear on campus to complete on-campus assignments could result in absences that could subject the student to the 90/10 minimum attendance for class credit requirement.

Center ISD CTE courses requiring portions of on-campus instruction include:

Career Cluster	Service ID/Course
Architecture & Construction	13005100/Construction Technology I 13005200/Construction Technology II 13005250/Practicum in Construction Tech (First Time)
Health Science	13020410/Health Science Theory 13020500/Practicum in Health Science (First Time)
Hospitality & Tourism	13022600/Culinary Arts 13022650/Advanced Culinary Arts
Manufacturing	13032250/Intro to Welding 13032300/Welding I 13032400/Welding II

Students and parents will work directly with the instructor to schedule on-campus instruction dates and times as well as provide information on assignments and activities requiring completion on campus. Center ISD is committed to providing quality instruction to all students, in-person or remotely.
